measured, this organism
measured, same EC, another organism
predicted, median of admitted predictors
organism default
a
catalytic units
measured
homolog
predicted
default
b
catalytic units
accession key, unverified structures
accession key, verified structures
substrate-matched, no homolog tier
substrate-matched, homolog tier
c
own-class EC4 band fraction
EZKinetics
EITLEM
UniKP
CatPred
DLKcat
TurNuP
DeepEnzyme
Boost_KM
d
substrate rows
R-group placeholder
macromolecular, no formula
no candidate structure
composition mismatch
