

Neo4j Graph Contents

Neo4j Graph Contents

Live counts from the Neo4j `torchcell` database (2026-07-20). **7,629,285 nodes**, **22,387,732 edges**. Generated by `experiments/database/scripts/neo4j_graph_contents_table.py`; re-run after any build.

Node types

Each node is counted under every label it carries; **Entity** / **NamedThing** are the BioLink roots (= all nodes).
